Course Description: This course will deal with regulations involving food wholesomeness, safety, sanitation, handling, processing, distribution, import and export, ingredients, misbranding, and labeling. This lecture course will also have discussions, case studies, and project concerning the governmental laws and regulations affecting the food industry.

Text: There is NO required textbook for this course. However, \textit{Food Law and Regulation for Non-Lawyers} by Marc Sanchez (Springer) and \textit{Food Regulation – Law, Science, Policy, and Practice} by Neal D. Fortin (Wiley publication) will be our primary reference books. This book is strongly recommended but not required. This book will be available from several online sources including Amazon. Supplemental notes and handouts will be distributed to class via Canvas system or email listserv.

Course Format: Students will acquire knowledge of the current food regulations and their enforcement through the lectures, class discussions, reading and assignments.

Course Objectives and Learning Goals:
After completing this course, students should
1. Understand the US legal system and rulemaking process
2. Be familiar with the function and organization of government agencies that are responsible food regulations and enforcement
3. Describe the requirements of food labeling and nutrition labeling.
4. Be familiar with food safety regulations and current issues in food safety

Policy regarding Make-up exam/ Late work submission:
Each exam will be given as scheduled in course outline (see below). Students must take the exams on the day scheduled. MAKE-UP EXAMS will be allowed in case of emergencies or legitimate reasons (illness, family emergency). In those excusable circumstances, students should notify the instructor PRIOR TO the scheduled exam and provide proper proof afterwards (if applicable). All make-up exams must be taken within two days of the scheduled exam (so make-up by the following Wednesday for Monday exams; make-up by the following Friday for Wednesday exams).

Due dates will be assigned for each assignment and/or activity. All work must be completed by the designated due dates. Extension of due dates can be allowed in case of emergencies or legitimate reasons (see above). However, this should be discussed with the instructor prior to the due.

Academic Honesty:
Student Honor Code from University of Florida will be enforced on the case of infringement of academic integrity, including plagiarism, cheating and prohibited collaboration or consultation. Details can be found at: https://catalog.ufl.edu/ugrad/1617/advising/info/student-honor-code.aspx.

Disability Clause:
The Disability Resource Center provides services to students with physical, learning, sensory or psychological disabilities. These services include registering disabilities, recommending academic accommodations within the classroom, accessing special adaptive computer equipment, and mediating any other disability-related issues. Disability Resource Center can be reached at
