Course Description: The management of human resources, food, equipment and facilities to provide a quality product and service to customers is an integral component in dietetic education. As the "food and nutrition" expert, the dietitian is responsible for the planning, organizing, leading, staffing and controlling in the foodservice or clinical nutrition management area. Management and leadership are two key skills required for effective dietetic practice.

Course Objectives: By the end of the semester, the students will be able to:

1. KRDN 1: Demonstrate how to locate, interpret, evaluate and use professional literature to make ethical and evidence-based decisions. (measured with Literature Review for blog-Stone Soup).

2. KRDN 1.2: Use current information technologies to locate and apply evidence-based guidelines and protocols. (measured with nutritional analysis assignment).
3. KRDN 1.3: Apply critical thinking skills. (measured by the success of the production schedule project and/or the lab report project)
4. KRDN 2.3: Assess the impact of a public policy position on nutrition and dietetics practice. (measured by the federally sponsored food program menu project).
5. KRDN 2.4: Discuss the impact of healthcare policy and different healthcare delivery systems on food and nutrition services (measured through the quiz on meal delivery systems).
6. KRDN 2.8: Demonstrate an understanding of the importance and expectations of a professional in mentoring and precepting others. (measured using the equipment demonstration by requiring students to mentor others on use of the equipment).
7. KRDN 3.1: Use the Case Study- to make decisions, identify nutrition-related problems and determine and evaluate nutrition intervention as a FSM RDN.
8. KRDN 3.2: Develop an educational session or program/educational strategy. (measured with the large equipment demonstration-peer reviewed).
9. KRDN 3.4: Explain the process involved in delivery of quality food and nutrition services. (measured by quiz on food delivery systems).
10. KRDN 4.1: Apply management theories to the development of programs and services. (measured through the theme meal/special event project, including but not limited to HR, time management, procurement, cost control, portion size).
11. KRDN 4.2: Evaluate a budget and interpret financial data. (Case Study on budget).
12. KRDN 4.4: Apply human resource management to different situations. (measured with an HR Case study).
13. KRDN 4.5: Describe safety principles related to food, personnel and customers. (measured by passing ServSafe exam).
14. KRDN 4.6: Analyze data for assessment and evaluate data to be used in decision-making for continuous quality improvement. (measure in reflection and assessment assignment after completing the team theme meal project).
15. Apply the systems approach to a foodservice operation.
16. Work effectively as a team member.

Academic Learning Compacts:

The University of Florida has mandated that each major will have an academic learning compact that describes the communication, critical thinking and knowledge for each student after program completion. You can read more about them on the website <https://catalog.ufl.edu/ugrad/current/agriculture/alc/food-science-and-human-nutrition-dietetics.aspx> (Links to an external site.) (Links to an external site.) .

Academic Learning Compacts relevant to this course include:

1. Apply management and business theories and principles to the development, marketing and delivery of programs and services.
2. Develop outcome measures, use informatics principles and technology to collect and analyze data for assessment and evaluate data for use in decision-making.

This learning outcome will be assessed through exam questions and case studies.

It is assumed all work will be completed independently unless the assignment is defined as a group project, in writing by the instructor. This policy will be vigorously upheld throughout this course.

Software Use:

All faculty, staff and students of the university are required and expected to obey the laws and legal agreements governing software use. Failure to do so can lead to monetary damages and/or criminal penalties for the individual violator. Because such violations are also against university policies and rules, disciplinary action will be taken as appropriate.

Services for Students with Disabilities

The Disability Resource Center coordinates the needed accommodations of students with disabilities. This includes registering disabilities, recommending academic accommodations within the classroom, accessing special adaptive computer equipment, providing interpretation services and mediating faculty-student disability related issues. Students requesting classroom accommodation must first register with the Dean of Students Office. The Dean of Students Office will provide documentation to the student who must then provide this documentation to the Instructor when requesting accommodation.

Other Information: Lecture material and information are the property of the University of Florida and the course instructor and may not be used for any commercial purpose. Students found in violation may be subject to disciplinary action under the University's Student Conduct Code. DPD Policy:

- *Attendance is required for all DIE courses. Attendance will be taken at the beginning of each class. Excused absence will only be granted for the following reasons:*
 - *Death in the family as documented by a dated obituary.*
 - *Illness or hospitalization as documented by a physician's note related to that illness (vague notes such as "was seen" are not acceptable).*

- *Religious holiday as documented by a written statement to the professor before the holiday.*
- *Professional/graduate school interviews with documentation of interview letter and travel arrangements.*
- *Accident as documented by a copy of the police report.*

Only students with excused absences will be allowed to make up the original work or suitable alternative if an exam or in-class assignment is missed. Absence from class will result in (penalty as determined by faculty member) unless there are unavoidable extenuating circumstances subject to the faculty member's discretion that can be documented to the faculty member's satisfaction.

- *Tardiness is unacceptable in the workplace and is also not appropriate in the classroom. It shows disrespect for the professor, other students in the class and the course content. Students who are tardy (as defined by the professor in each class) will be penalized according to the policy established for that class. (DPD Student Handbook 2013 at <http://fshn.ifas.ufl.edu/dietetics/undergraduate/home.shtml>(Links to an external site.) (Links to an external site.))*

COURSE POLICIES:

Class attendance: Attendance will be taken at the beginning of class; if you are more than 5 minutes late, you will be marked absent. Attendance represents 10% of the final grade.

Class participation: This course requires that you participate in class discussions. You should read the chapter before class and be prepared to contribute to the discussion by sharing your experiences, asking questions and sharing opinions on the various topics. To be successful in foodservice management, you must always be thinking and problem solving; hopefully, you will do the same in this class.

Smart phone/cell phone/computer use in class: All of us love our smart phones, etc. and use them constantly to keep in touch with friends and what is going on outside of the classroom. My goal is to have our class time dedicated to the course. If you need to access something on your computer or phone that pertains to the class that we are having, feel free!! Please refrain from texting/searching for non-course related materials during class.

Communication: We will be using UF Canvas for course communication, including announcements, assignments, resources and Power Point presentations. You must have Power Point software to access the slides. Please use my UF email: gankofskie@ufl.edu

ASSIGNMENTS AND GRADING:

Exams

There are three/four non-cumulative exams during the semester and a final exam. Exams must be taken as scheduled. Students who miss exams will forfeit those exam opportunities. Students may only reschedule if there is an excused absence or illness (documented by a physician's note) and you notify the professor by email before the exam that you will miss the exam.

Recording information-please read

Students are allowed to record video or audio of class lectures. However, the purposes for which these recordings may be used are strictly controlled. The only allowable purposes are (1) for personal educational use, (2) in connection with a complaint to the university, or (3) as evidence in, or in preparation for, a criminal or civil proceeding. All other purposes are prohibited. Specifically, students may not publish recorded lectures without the written consent of the instructor.

A “class lecture” is an educational presentation intended to inform or teach enrolled students about a particular subject, including any instructor-led discussions that form part of the presentation, and delivered by any instructor hired or appointed by the University, or by a guest instructor, as part of a University of Florida course. A class lecture does not include lab sessions, student presentations, clinical presentations such as patient history, academic exercises involving solely student participation, assessments (quizzes, tests, exams), field trips, private conversations between students in the class or between a student and the faculty or lecturer during a class session.

Publication without permission of the instructor is prohibited. To “publish” means to share, transmit, circulate, distribute, or provide access to a recording, regardless of format or medium, to another person (or persons), including but not limited to another student within the same class section. Additionally, a recording, or transcript of a recording, is considered published if it is posted on or uploaded to, in whole or in part, any media platform, including but not limited to social media, book, magazine, newspaper, leaflet, or third party note/tutoring services. A student who publishes a recording without written consent may be subject to a civil cause of action instituted by a person injured by the publication and/or discipline under UF Regulation 4.040 Student Honor Code and Student Conduct Code.
