

**CURRICULUM VITAE**  
**JAMES F. COLLINS**  
**(Updated September 2022)**

PROFESSOR  
Food Science & Human Nutrition Department  
University of Florida  
Gainesville, FL  
Cell: (352) 682-7592; Email: jfcollins@ufl.edu

**EDUCATION**

*Research Associate*; Section of Gastroenterology/Nutrition, Department of Pediatrics, University of Arizona; Tucson, AZ; 6/95- 12/96

*Post-Doctoral Research Fellow*; Section of Gastroenterology/Nutrition, Department of Pediatrics, Vanderbilt University; Nashville, TN; 1/95- 5/95

Ph.D. (1994), Molecular Physiology; Vanderbilt University; Nashville, TN

M.S. (1991), Molecular Biology; Middle Tennessee State University; Murfreesboro, TN

B.S. (1987), Biology; Sewanee: The University of the South; Sewanee, TN

**ACADEMIC APPOINTMENTS**

*Professor*; Food Science & Human Nutrition Department, University of Florida, Gainesville, FL; 7/18-present

*Associate Professor*; Food Science & Human Nutrition Department, University of Florida, Gainesville, FL; 7/11-6/18

*Assistant Professor*; Food Science & Human Nutrition Department, University of Florida, Gainesville, FL; 8/08-6/11

*Adjunct Assistant Professor*; Department of Biochemistry, University at Buffalo, SUNY; Buffalo, NY; 4/07-7/08

*Assistant Professor*; Department of Exercise and Nutrition Sciences, University at Buffalo, SUNY; Buffalo, NY; 8/05-7/08

*Adjunct Assistant Professor*; Department of Nutritional Sciences, University of Arizona; Tucson, AZ; 5/04-7/05

*Research Associate Professor*; Section of Gastroenterology/Nutrition, Department of Pediatrics, University of Arizona; Tucson, AZ; 6/01-7/05

*Research Assistant Professor*; Section of Gastroenterology/Nutrition, Department of Pediatrics, University of Arizona; Tucson, AZ; 1/97- 6/01

*Teaching Associate*; Department of Biochemistry, University of Arizona; Tucson, AZ; 8/95-7/05

*Graduate Research Assistant*; Department of Molecular Physiology and Biophysics, Vanderbilt University; Nashville, TN; 1992-1994

*Research Assistant II* Department of Pediatric Gastroenterology/Nutrition, College of Medicine, Vanderbilt University; Nashville, TN; 1990-1992

*Graduate Teaching Assistant*; Department of Biology, Middle Tennessee State University; Murfreesboro, TN; 1987-1990

#### **PROFESSIONAL AND ADMINISTRATIVE APPOINTMENTS**

*Director*, Nutritional Sciences Doctoral Program; Food Science and Human Nutrition Department, University of Florida; Gainesville, FL; May 2017- May 2020

*Graduate Coordinator*, Nutritional Sciences Doctoral Program; Food Science and Human Nutrition Department, University of Florida; Gainesville, FL; May 2014- May 2017

*Director*, Affymetrix Gene Chip Core Facility; Steele Memorial Children's Research Center, Department of Pediatrics, University of Arizona; Tucson, AZ; August 2002- July 2005

*Director*, Keck Bio-Imaging Facility; Steele Memorial Children's Research Center; Department of Pediatrics, Arizona Health Sciences Center; Tucson, AZ; July 1998-July 2005

*Lab Manager/Research Director*; Department of Pediatrics, Section of Gastroenterology/Nutrition, College of Medicine, University of Arizona; Tucson, AZ; June 1995- July 2005

#### **AWARDS AND HONORS**

*LEAD IFAS*, professional leadership development program (2022)

*University of Florida Research Foundation Professorship* (2020-2023)

*University Term Professorship*, University of Florida (2018-2021)

Secretary (elected), International Society for Trace Element Research in Humans; 2011-2015

Mead Johnson Award, American Society of Nutrition; April 2011

Finalist, *Future Leader Award*, International Life Sciences Institute (ILSI); 2009, 2010

Mead Johnson Travel Award, Western Society for Pediatric Research Regional Meeting; Carmel, CA; 1996

## **RESEARCH-RELATED ACTIVITIES**

### **PEER REVIEWED PUBLICATIONS**

**H INDEX = 36; I10-INDEX = 73; 4868 TOTAL CITATIONS (GOOGLE SCHOLAR [SEPT. 2022])**

1. Helman, S., Zhou, J., Fuqua, B., Lu, Y., **Collins, J.F.**, Chen, H., Vulpe, C., Anderson, G.J., Frazer, D.M. (2022) The Biology of Mammalian Multi-copper Ferroxidases. Invited Review. *Biometals*. doi: 10.1007/s10534-022-00370-z

#### **CURRENT GRANT SUPPORT**

2R01DK074867-11; National Institute of Diabetes and Digestive and Kidney Diseases (NIDDK); 5/1/18-2/28/23; \$2,459,801 (total costs). **Role, PI**; 20% effort; Title: Molecular Mechanisms of Intestinal Metal Ion Transport During Iron-Deficiency.

1R01DK109717; National Institute of Diabetes and Digestive and Kidney Diseases (NIDDK); 4/1/16-3/31/22 (with two no-cost extensions); \$2,489,925 (total costs). **Role, PI**; 20% effort; Title: Divalent Metal-ion Transporter 1 as a Therapeutic Target to Optimize Intestinal Iron Transport.

R56DK134583; National Institute of Diabetes and Digestive and Kidney Diseases (NIDDK); 9/25/22-8/31/23; \$100,000 (total costs). **Role, PI**; 10% effort; Title: Mechanisms of Heme and Non-heme Iron Absorption in Murine Models of Iron Overload

#### **GRANTS- TO BE RESUBMITTED**

R01DK134583; National Institute of Diabetes and Digestive and Kidney Diseases (NIDDK); 12/1/22-11/30/27; \$3,759,184 (total costs); **Role: PI**; 25% effort; Title: Mechanisms of Heme and Non-heme Iron Absorption in Murine Models of Iron Overload. Score = 24<sup>th</sup> percentile

#### **PAST GRANT SUPPORT**

2R01GM105893-07; National Institute of General Medical Sciences (NIGMS); 8/1/18-7/31/22; \$2,124,561 (total costs [estimated]); **Role, Co-Investigator**; 0.5 Months Effort; Title: Chronic Stress and Anemia Recovery Following Major Trauma. (PI: Alicia M. Mohr; Dept. of Surgery, University of Florida)

United States Department of Agriculture Research Award; 3/1/19-3/1/22; \$346,770 (total costs); **Role, Co-PI**; 0.3 Months Effort; Title: Synergistic Interactions Between Muscadine Wine and Gut Microbiota in Alleviating Intestinal Inflammation and Barrier Dysfunction. (PI: Liwei Gu; FSHN Dept., University of Florida)

La Jolla Pharmaceuticals; Research Agreement; 10/15/18-8/15/19; \$112,214 (total costs); **Role, PI**; 0.5 Months Effort; Title: Therapeutic intervention study with proprietary human hepcidin using our rat model of hereditary hemochromatosis, the *Hamp* KO rat.

2R01DK074867-07; National Institute of Diabetes and Digestive and Kidney Diseases (NIDDK); 3/1/13-2/28/18; \$1,304,457 (total costs); **Role, PI**; 2.4 Months Effort; NIH, NIDDK; Title: Molecular Mechanisms of Intestinal Metal Ion Transport During Iron-Deficiency

1R01 DK074867; National Institute of Diabetes and Digestive and Kidney Diseases (NIDDK); 7/1/07-6/30/12; \$1,468,461 (total costs); **Role, PI**; 2.4 Months Effort; Title: Molecular Mechanisms of Intestinal Metal Ion Transport During Iron-Deficiency.

Kelatron Corp; Research Contract; 7/14-9/15; \$40,000 (total costs); **Role: PI**; 0.5 months effort

Anime Inc.; Research Contract; 2/14-10/15; \$50,000 (total costs); **Role: PI**; 0.5 months effort  
LSG Partners (Water Ion solutions); Research Contract # 00079377 Project # 00090568; 9/10/10-3/15/11; \$23, 835 (total costs); **Role: PI**; 0.5 months effort

Competitive *Research Innovation Award*; Institute for Food and Agricultural Sciences (IFAS). **Role, PI**; IFAS, Univ. of Florida; 9/1/09-8/31/10; \$50,000; Title: Lipid Signaling and Intestinal Epithelial Cell Proliferation and Differentiation During Iron Deficiency

1 R21 DK068349; **Role, PI**; 30% effort; NIH, NIDDK; 7/1/04-6/30/07 (with one year no cost extension); \$250,000 direct costs.; Title: Intestinal Iron Transport in Iron Deficiency Anemia.

2R01 DK412174; **Role- Co-PI** (F. K. Ghishan, PI); 25% effort; NIH, NIDDK; 9/1/02 to 8/31/07; \$1,200,000 direct costs; Title: Development of Intestinal Ion Transport

R37 DK33209; **Role- Co-PI** (F. K. Ghishan, PI); 25% Effort; NIH, NIDDK; 12/1/02-11/30/07; \$1,125,000 direct costs; Title: Development of Intestinal Transport of Calcium and Phosphate.

3P50A000008-03S; **Role- Co-PI** (P. R. Kiela, PI); 20% effort; 7/01/01-6/30/04; NIH/Inst. for Complementary and Alternative Medicine; \$670,000 direct costs; Title: Inflammatory Bowel Disease- A Novel Botanical Approach

Arizona Disease Control Research Commission Research Grant; **Role- PI**; 20% Effort; 7/1/00-6/30/03; \$148,500; Title: Characterization of the Effect of Nicotine on the Lung Sodium-Phosphate Transporter (NaP<sub>i</sub>-IIB)

Dean's Research Council Grant- University of Arizona College of Medicine; **Role- PI**; 5% Effort; 7/1/00-6/30/01; \$15,000; Title: Regulation of NHE2 and NHE4 in the Renal Medulla by Hyperosmolality

Beginning-Grant-in-Aid, American Heart Association; **Role- PI**; 15% Effort; 7/1/99-6/30-01; \$60,000. Title: Characterization of a Novel Hyperosmolality Response Element (OsmoE) in the Rat Sodium-Hydrogen Exchanger-2 (NHE2) Gene

AZ Kidney Foundation Research Grant; **Role- PI**; 5% Effort; 5/1/99-4/30/01; \$19, 200  
Title: Generation of Transgenic Mice to Investigate In Vivo Regulation of the Renal Sodium-Phosphate Transporter (NPT) Gene in Normal and Hyp Mice

W. M. Keck Foundation Grant; **Role- Director**, Keck Bio-Imaging Facility and Project Coordinator; 10% Effort; 7/1/98- 6/30/01; \$1,110,000

Small Grants Program supported by the Office of the Vice President for Research, University of Arizona; **Role- PI**; 5% Effort; 6/97-5/99; \$4,500; Title: Expression of Apical Sodium-Hydrogen Exchangers (NHE) in Intestinal Epithelial Cells

#### **ADVISORY GROUP SERVICE / GRANT PROPOSAL REVIEWS**

*Fondazione Telethon*, an Italian charity supporting biomedical research on rare genetic diseases. Grant proposal review (*ad hoc*). Sept. 2022

*Czech Science Foundation*. Grant proposal review (*ad hoc*). July 2021.

*National Science Center, Poland*. Grant proposal review (*ad hoc*). April 2021.

*Biotechnology and Biological Sciences Research Council (BBSRC), United Kingdom*. Grant proposal review (*ad hoc*). Nov. 2020

*Alaska-INBRE (IDeA [Institutional Development Award] Network of Biomedical Research Excellence)* program; The Scientific Peer Advisory and Review Services (SPARS) division of the American Institute of Biological Sciences (AIBS). April 2020

United States-Israel Binational Science Foundation, Jerusalem, Israel (*ad hoc*); April 2020  
2019/05 ZRG1 EMNR-G (02) M; Special Emphasis Panel/Scientific Review Group; Topics in Metabolism and Disease (NIDDK); March 2019

*Scientific Merit Review Board for Gastroenterology (VA-GAST)*, Department of Veterans Affairs, Veterans Health Administration (*ad hoc*); Dec. 2018

CSR Anonymization Project; National Institutes of Health Center for Scientific Review (CSR); Program Evaluation of NIH Peer Review Processes: The Role of Anonymization; Oct. 2018

ZRG1 DKUS SEP M (05); Special Emphasis Panel/Scientific Review Group; GI Physiology and Pathology, National Institute for Digestive, Diabetes and Kidney Diseases (NIDDK); July 2017

*Alaska-INBRE (IDeA [Institutional Development Award] Network of Biomedical Research Excellence)* program; The Scientific Peer Advisory and Review Services (SPARS) division of the American Institute of Biological Sciences (AIBS). Jan. 2017

*Scientific Merit Review Board for Gastroenterology (VA-GAST)*, Department of Veterans Affairs, Veterans Health Administration (**Committee Chair**); Dec. 2016-June 2018

*Scientific Merit Review Board for Gastroenterology (VA-GAST)*, Department of Veterans Affairs, Veterans Health Administration (Standing Member); May 2013-June 2016

*Clinical and Integrative Molecular Gastroenterology* study section (Standing Member), National Institute for Digestive, Diabetes and Kidney Diseases (NIDDK); July 2012-June 2018

ZDK1 GRB-8 (J4) 1; Ancillary Study on Bariatric Surgery; Special Emphasis Panel; Kidney and Urology, National Institute for Digestive, Diabetes and Kidney Diseases (NIDDK); Dec. 2015

ZRG1 DKUS-A (03) M; Special Emphasis Panel; Kidney and Urology, National Institute for Digestive, Diabetes and Kidney Diseases (NIDDK); June 2015

*Special Emphasis Panel*, AREA (R15) grant reviews; National Institute for Digestive, Diabetes and Kidney Diseases (NIDDK); April 2014

*Special Emphasis Panel*, Program Project Review; National Institute for Digestive, Diabetes and Kidney Diseases (NIDDK); April 2013

*Scientific Merit Review Board for Gastroenterology*, Department of Veterans Affairs, Veterans Health Administration (*ad hoc*); 11/12

*Clinical and Integrative Molecular Gastroenterology* study section (*ad hoc*); 1/11, 10/11; NIDDK

*Italian Ministry of Health* (in conjunction with the NIH); 9/13, 9/10, 9/09

*National Institute of General Medical Sciences (NIGMS)*; 12/09

*Czech Science Foundation*; 9/09

*Pennsylvania Department of Health* (2/09, 1/08, 6/07, 1/06)

*Superfund Basic Research and Training Program*, Special Emphasis Panel/Scientific Review Group, NIEHS; 9/07

Agency for Science, Technology and Research's (A\*STAR) Biomedical Research Council (BMRC), Singapore.

Processes Structures & Integrity Program at the *National Science Foundation*. 3/07

*Special Emphasis Panels*, Program Projects; *NIDDK, NIH* (12/06, 10/05).

Functional and Regulatory Cluster of the *National Science Foundation*. 10/05

*Gastroenterology VA Merit Review*; 2000-2001 (*ad hoc*).

Israel Science Foundation (4/98).

## **PATENTS AND TECHNOLOGY LICENSES**

Biological Invention Disclosure UF#-17354 entitled, "Hepcidin (Hamp) knockout Sprague Dawley Rat"

## EDITORIAL BOARDS

*American Journal of Physiology: Gastrointestinal and Liver Physiology*; June 2015-present

*Journal of Biological Chemistry*; July 2014-present

*Journal of Nutrition*; May 2010-July 2020

*PLOS One*; May 2013-2017

## EDITORSHIPS

**Editor:** *Molecular, Genetic, and Nutritional Aspects of Major and Trace Minerals* (Elsevier Inc.)  
Contains 44 chapters on the essential minerals. ISBN: 978-0-12-802168-2. (2017).

## PRESENTATIONS

### Invited International

Invited Speaker; 2020 Korean Society of Food Science and Nutrition (KFN) international academic conference; Jeju, South Korea. Oct. 2020 (virtual due to COVID-19 pandemic)

Invited Keynote Speaker; 8<sup>th</sup> International Workshop on Contaminant Bioavailability in Terrestrial Environments; Nanjing, China. Oct. 2015

Invited Plenary Speaker; 6<sup>th</sup> Meeting of the International Bioiron Society; Zhejiang University, Hangzhou, China. Sept. 2015.

Short-Term Visiting Scholar and Invited Speaker. Regenerative Medicine Research Center, West China Hospital, Sichuan University; Chengdu, China. Nov. 2014

Physiological roles of copper in mammalian iron homeostasis. *X ISTERH*; 10<sup>th</sup> meeting of the International Society for Trace Element Research in Humans (ISTERH); Tokyo, Japan. Nov. 2013.

The Copper Related Compensatory Response to Iron Deficiency. *Fourth International Workshop on Iron and Copper Homeostasis*. Pucon, Chile. Dec. 2011.

The influence of copper on body iron homeostasis. *IX Meeting of the International Society for Trace Element Research In Humans (ISTERH)*. Belek, Antalya, Turkey, Oct. 2011.

Copper and the Compensatory Response to Iron Deficiency. *Trace Elements in Man and Animals (TEMA) 14 Conference*; Enshi, China, Sept. 2011.

Transcriptional Regulation of the Menkes Copper ATPase Gene by HIF2 $\alpha$  in Intestinal Epithelial Cells. *4<sup>th</sup> Congress of the International BioIron Society*. Vancouver, British Columbia, CA, June 2011.

Molecular Regulation of the Menkes Copper ATPase During Iron-Deficiency; *Trace Elements in Man and Animals (TEMA) 13 Conference*; Pucon, Chile, Nov. 2008.

Molecular Regulation of the Menkes Copper ATPase (Atp7a) and Divalent Metal Transporter 1 (Dmt1) by Iron in Rat Duodenum and IEC-6 Cells; *VIIIth Meeting of the International Society for Trace Element Research In Humans (ISTERH)*. Hersonissos, Crete, Greece; Oct. 2007

Comparative Gene Chip Analyses Reveal Induction of Copper Transport-Related Genes in Iron-Deficient Rats at Different Developmental Stages. *Third International Workshop on Iron and Copper Homeostasis*. Renaca, Chile, Dec. 2004

### **Invited National**

Invited Research Seminar Speaker; Center for Human Nutrition, Department of International Health, Johns Hopkins Bloomberg School of Public Health; Baltimore, MD; Dec. 2022

Visiting Professor/Invited Research Seminar Speaker; Department of Biochemistry, University at Buffalo; Buffalo, NY; October 2022

Invited Speaker; FASEB Trace Elements in Biology and Medicine Conference; Asheville, NC; June 2022

Invited Symposium Speaker; *Modeling disturbances of iron metabolism in experimental animals*; Research Symposium; Nutrition 2019; Baltimore, MD; June 2019

Visiting Professor/Invited Research Seminar Speaker; Marion Bessin Liver Research Center and the Division of Hepatology, Albert Einstein College of Medicine; Bronx, NY; March 2019

Invited Speaker, *Nutritional Anemias*, Translational symposium. Digestive Disease Week annual meeting; Washington D.C; June 2018

Visiting Professor/Invited Research Seminar Speaker; Chemistry Department, University of Alabama; Tuscaloosa, AL; April 2016

Visiting Professor/Invited Research Seminar Speaker; Digestive Health Center; Cincinnati Children's Hospital Medical Center; Cincinnati, OH; November 2015

Visiting Professor/Invited Research Seminar Speaker: Basic Sciences Research Seminar; Emory University, Atlanta, GA; March 2015

Invited Speaker: The 2<sup>nd</sup> Shanthi V. Sitaraman Intestinal Pathobiology Symposium; Georgia State University, Atlanta, GA; March 2015

Visiting Professor/Invited Research Seminar Speaker: Research-In-Progress Conference Series; Marshall University, Huntington, WV; November 2014

Visiting Professor/Invited Research Seminar Speaker: Digestive Diseases Research Group, Shanthi Sitaraman Lecture Series; Georgia State University; Atlanta, GA; February 2014.

Visiting Professor/Invited Research Seminar Speaker; Department of Biochemistry, West Virginia University; Morgantown, WV; November 2013.

Visiting Professor/Invited Research Seminar Speaker; Dept. of Medicine, Section of Gastroenterology and Hepatology, University of Illinois, Chicago; Chicago, IL; March 2012.

Visiting Professor/Invited Research Seminar Speaker; Liver Center of Excellence, Virginia Mason Medical Center; Seattle, WA; June 2011

*Mechanisms of intestinal iron absorption.* Translational symposium. Digestive Disease Week annual meeting, New Orleans, LA; May 2010

Visiting Professor/Invited Research Seminar Speaker; Grand Forks Human Nutrition Research Center, Grand Forks, ND; October 2007

Visiting Professor/Invited Research Seminar Speaker; School of Medicine, Dept. of Anatomy, University of North Dakota; Grand Forks, ND; October 2007.

Visiting Professor/Invited Research Seminar Speaker; Department of Pharmacology and Physiology, University of Medicine and Dentistry of New Jersey- the NJ Medical School; December 2005, 12/05

Invited participant and presenter in the *Mead Johnson Neonatal Nutrition Symposium*; Marco Island, FL; December 1998

### **Invited Local**

Invited Research Seminar Speaker, Division of Pulmonary, Critical Care and Sleep Medicine, College of Medicine, University of Florida; Feb. 2019

Invited Research Seminar Speaker, Physiological Sciences, College of Medicine, University of Florida; Oct. 2015

Invited Research Seminar Speaker, Animal Sciences, College of Agriculture and Life Sciences, University of Florida; March 2012

## Selected International

Wang, X. (presenter), **Collins, J.F.** Orally-delivered ginger nanoparticle-derived lipid vectors target functional Dmt1 siRNAs to duodenal enterocytes and mitigate iron loading in hepcidin KO mice. Oral abstract presentation. 8<sup>th</sup> congress of the International BioIron Society; Heidelberg, Germany. 05/2019

**Collins, J. F.**, Oral abstract presentation. 6<sup>th</sup> Meeting of the International Bioiron Society; Zhejiang University, Hangzhou, China. 09/2015

Xie, L., **Collins, J.F.** (presenter). Transcriptional Regulation of the Menkes Copper ATPase (*Atp7a*) Gene in Intestinal Epithelial Cells by Hypoxia Inducible Factor 2 $\alpha$  (Hif2 $\alpha$ ) During Iron Deprivation". 7<sup>th</sup> International Copper Meeting, Alghero, Sardinia, Italy; 10/2010.

Oral abstract presentation entitled "Alternative splicing of the Menkes copper Atpase (*Atp7a*) reveals cytosolic and nuclear versions of the *Atp7a* protein in rat and human intestinal epithelial cells" at the 6<sup>th</sup> *International Copper Meeting*; Alghero, Sardinia, Italy; 10/08

Podium presentation (20 min) entitled "Altered arachidonic acid metabolism in the intestine of iron and iron/copper-deficient rats: strong induction of arachidonate 12-lipoxygenase". 2<sup>nd</sup> *Congress of the International BioIron Society*, Kyoto Japan; 4/07

Oral abstract presentation entitled "The Menkes Copper ATPase (ATP7a) is induced by iron-deprivation and is present on brush-border and basolateral membranes of duodenal enterocytes" at the 1<sup>st</sup> *Congress of the International BioIron Society*, Prague, Czech Republic; 5/05

## Selected National

Transcriptional regulation of the Menkes copper ATPase (*Atp7a*) gene by iron. *Experimental Biology 2009*; New Orleans, LA; 4/09

Alternative splicing of the Menkes Copper Atpase (*Atp7a*) gene. *Experimental Biology 2008*; San Diego, CA; 4/08

Novel Differentially Expressed Genes Revealed by Microarray Analysis of Duodenum in Patients with Disorders of Iron Homeostasis. *Digestive Disease Week Annual Meeting*; Los Angeles, CA; 5/06

Oral abstract presentation at *Experimental Biology 2004* entitled "Downregulation of the intestinal type IIb sodium-phosphate cotransporter in the anemic rat". Washington, D.C.; 5/04

Oral abstract presentation at the Intestinal Sodium-Hydrogen Exchanger Research Forum; *Digestive Disease Week Meeting*; Washington, D.C.; 5/97

Oral abstract presentation; Western regional meeting: *Western Society for Pediatric Research*. Carmel, CA; February 1996.

## **TEACHING-RELATED ACTIVITIES**

### **University of Florida**

*Nutritional Aspects of Carbohydrates* (HUN6305); required course for Nutritional Sciences Master's and doctoral students (3 credits; 45 contact hours) Spring 2022.

*Nutrition and Metabolism* (HUN4221); required "capstone" course for senior-level Nutritional Sciences undergraduate students (3 credits; 45 contact hours) Fall 2021.

*Minerals in Nutrition* (HUN6356); required course for Nutritional Sciences Master's and doctoral students; 40% of course (3 credits; 20 contact hours); Spring 2021.

*Nutrition and Metabolism* (HUN4221); required "capstone" course for senior-level Nutritional Sciences undergraduate students (3 credits; 45 contact hours) Fall 2020.

*Nutritional Aspects of Carbohydrates* (HUN6305); required course for Nutritional Sciences Master's and doctoral students (3 credits; 45 contact hours) Spring 2020.

*Nutrition and Metabolism* (HUN4221); required "capstone" course for senior-level Nutritional Sciences undergraduate students (3 credits; 45 contact hours) Fall 2019.

*Minerals in Nutrition* (HUN6356); required course for Nutritional Sciences Master's and doctoral students; 40% of course (3 credits; 20 contact hours); Spring 2019.

*Nutrition and Metabolism* (HUN4221); required "capstone" course for senior-level Nutritional Sciences undergraduate students (3 credits; 45 contact hours) Fall 2018.

*Nutritional Aspects of Carbohydrates* (HUN6305); required course for Nutritional Sciences Master's and doctoral students (3 credits; 45 contact hours) Spring 2018.

*Nutrition and Metabolism* (HUN4221); required "capstone" course for senior-level Nutritional Sciences undergraduate students (3 credits; 45 contact hour); Fall 2017.

*Minerals in Nutrition* (HUN6356); required course for Nutritional Sciences Master's and doctoral students; 40% of course (3 credits; 20 contact hours); Spring 2017.

*Nutrition and Metabolism* (HUN4221); required "capstone" course for senior-level Nutritional Sciences undergraduate students (3 credits; 45 contact hours) Fall 2016.

*Nutritional Aspects of Carbohydrates* (HUN6305); required course for Nutritional Sciences Master's and doctoral students (3 credits; 45 contact hours) Spring 2016.

*Nutrition and Metabolism* (HUN4221); required "capstone" course for senior-level Nutritional Sciences undergraduate students (3 credits; 45 contact hours) Fall 2015.

*Minerals in Nutrition* (HUN6356); required course for Nutritional Sciences Master's and doctoral students; 40% of course (3 credits; 20 contact hours); Spring 2015.

*Nutritional Aspects of Carbohydrates* (HUN6305); required course for Nutritional Sciences Master's and doctoral students; 40% of course (3 credits; 20 contact hours); Fall 2014.

*Fundamentals of Human Nutrition* (HUN2201) for undergraduate students- required course for Food Science, Nutrition, Nursing and other majors (3 credits; 50 contact hours); Spring 2009-Spring 2014 (11 times); average enrollment ~250 students.

*Minerals in Nutrition* (HUN6356); required course for Nutritional Sciences Master's and doctoral students; 5 lectures; (3 credits; 10 contact hours); Spring 2013.

Faculty mentor for undergraduate volunteers; Fall 2009-2014.

Faculty mentor for 3 undergraduate students doing Honor's Theses at the University of Florida Fall 2009-2011.

Two lectures on copper homeostasis in *Minerals in Nutrition* (HUN6356) for Nutrition graduate students (3 credits; 5 contact hours); Spring 2009 and 2011.

## **University at Buffalo**

*Nutrition Seminar* (NTR630)/*Research Seminar* (ES539) for Nutritional Science and Exercise Science graduate students (1 credit; 15 contact hours); Spring 2008 (38 students), Fall 2007 (33 students)

Eleven lectures in *Vitamins and Minerals* (NTR501) on electrolytes and major and trace minerals (3 credits; 20 contact hours; 25-35 students); Spring 2008, 2007, 2006

*Nutrients and Gene Expression* (NTR620) for nutritional science, exercise science and other graduate students. (2 credits; 30 contact hours); Spring semester; 2008 (9 students), 2007 (7 students), 2006 (14 students)

Supervising one student taking Independent Study (NTR499; 2 credits; 25 contact hours) and one student taking Selected Readings (NTR676; credits; 25 contact hours); Spring 2008

Four lectures in *Nutrition and Health* (NTR503) on major and trace minerals (3 credits; 6 contact hours; 25-35 students); Fall 2007, 2006, 2005

Supervised 2 students that took NTR690, Independent Study (1 credit each; 30 contact hours); Summer 2007, 2006

Directing the *Nutrition Seminar* (NTR630) for nutritional sciences graduate students (1 credit; 15 contact hours; 10-16 students); Spring 2007, Fall 2006, 2005

Supervising one student who took NTR675, Research Project in Nutrition (1 credits; 10 contact hours), and NTR 676, Selected Readings (1 credits; 10 contact hours); Spring 2007, 2006

## University of Arizona

Membrane Transport lectures (7 total) for *Molecular and Cellular Physiology* (PSIO 503) for the Department of Physiology at the University of Arizona (12 contact hours); 2003- 2005

Gastrointestinal and Respiratory System lectures (8 total) for *Physiology for Biomedical Engineering* (BME 511) for the Department of Biomedical Engineering at the University of Arizona (10 contact hours); Spring 2002

Faculty Mentor, Minority Access to Research Careers (MARC) Program, University of Arizona; Tucson, AZ; 7/02- 7/05

Membrane Transport lectures (4 total) for *Molecular and Cellular Physiology* (PSIO 503) for the Department of Physiology at the University of Arizona (6 contact hours); 2001, 2002

Faculty Mentor, Graduate Committee on Nutritional Sciences, University of Arizona; Tucson, AZ; 10/01-7/05

Affiliate Faculty Member/Graduate Mentor; Physiological Sciences Interdisciplinary Graduate Program, University of Arizona; Tucson, AZ; 5/00- 7/05  
Discussion Leader for *Biochemistry* for majors (BIOC 462a) for the Department of Biochemistry at the University of Arizona (20 contact hours); Fall 2000

Taught 2 sections of *Careers in Math and Science for Minority Professionals* (course #BIOC195e) for the New Start Summer Program at the University of Arizona (30 contact hours/summer); 1998-2005

Faculty sponsor for students taking the Department of Biochemistry's *Honors Thesis* (BIOC 498H and in other Departments) at the University of Arizona; 1998-2004

Faculty mentor for National Merit Scholars Program student, University of Arizona; 1998-2001

Faculty mentor for high school student participating in the *NIH Disadvantaged High School Student/K-12 Science Teacher Research Program*; 1997-2000

Faculty mentor and financial supporter for >15 undergraduate students that participate in the *Undergraduate Biology Research Program* at the University of Arizona; 1996-2005

Faculty sponsor for students taking *Honors Independent Study* (Departments of Microbiology, Molecular and Cellular Biology and Biochemistry) at the University of Arizona; 1996-2004

Taught *Biotechnology: Genes For Hire* (course #BIOC195b) for the Department of Biochemistry at the University of Arizona (30 contact hours/semester); Fall and Spring semesters 1995-2001

## **University of Florida**

### PAST POSTDOCTORAL TRAINEES

Shireen R. L. Flores, Ph.D.

Xiaoyu Wang, Ph.D.

Jung-Heun Ha, Ph.D.

Calgar Doguer, Ph.D.

Sukru Gulec, Ph.D.

### CURRENT STUDENTS:

Jennifer Lee, Nutritional Sciences Ph.D. student; Dissertation Director and Major Professor, University of Florida; enrolled 2018

Pearl Ebea, Nutritional Sciences Ph.D. student; Dissertation Director and Major Professor, University of Florida; enrolled 2019

Rufus Theophilus, Nutritional Sciences Ph.D. student; Dissertation co-Director and co-Major Professor, University of Florida; enrolled 2020

Yue He, Nutritional Sciences Ph.D. student; Dissertation Director and Major Professor, University of Florida; enrolled 2021

Jacob Shine, B.S. Nutritional Sciences Ph.D. student. University of Florida; enrolled 2022.

### FORMER STUDENTS:

Yang Yu, Nutritional Sciences Ph.D. student; Dissertation Director and Major Professor, University of Florida; enrolled 2017

Sean Zhu, Nutritional Sciences M.S. student; Thesis Director and Major Professor, University of Florida; enrolled 2020

Regina Woloshun, Nutritional Sciences Ph.D. candidate; Dissertation Director and Major Professor, University of Florida; enrolled 2016

Savannah Nelson, Undergraduate student volunteer (Nutritional Sciences Major, Honors), University Scholar's Program awardee; Honor's Thesis advisor; 2017- May 2019

Shireen Flores, Nutritional Sciences; Ph.D. candidate; Dissertation Director and Major Professor, University of Florida; enrolled 2013

Xiaoyu Wang, Nutritional Sciences; Ph.D. candidate; Dissertation Director and Major Professor, University of Florida; enrolled 2013

Tao Wang, visiting doctoral student from Sichuan University in Chengdu, China (2015-2017)

Ping Xiang, visiting doctoral student from Nanjing University in Nanjing, China (2016-2017)

Calgar Doguer, Nutritional Sciences; Ph.D. candidate; Dissertation Director and Major Professor, University of Florida; Graduated Fall 2016

Jung-Heun Ha, Nutritional Sciences; Ph.D. candidate; Dissertation Director and Major Professor, University of Florida; Graduated Fall 2016

Shaomin Zhao, Nutritional Sciences; M.S. candidate; Thesis Director and Major Professor, University of Florida; Graduated Spring 2016

Han Yi, Nutritional Sciences; M.S. candidate; Thesis Director and Major Professor, University of Florida; Graduated Spring 2015

Liwei Xie, Ph.D.; Nutritional Sciences graduate student; Dissertation Director and Major Professor, University of Florida; Graduated spring semester 2013

Sukru Gulec, Ph.D.; Nutritional Sciences graduate student; Dissertation Director and Major Professor, University of Florida; Graduated spring semester 2013

Lingli Jiang, Ph.D.; Nutritional Sciences graduate student; Dissertation Director and Major Professor, University of Florida; Graduated spring semester 2013

Yan Lu, Ph.D.; Nutritional Sciences graduate student; Dissertation Director and Major Professor, University of Florida; Graduated fall semester 2012

Changae Kim, Nutritional Sciences; M.S. candidate; Thesis Director and Major Professor, University of Florida; Graduated in 2011

### **University at Buffalo**

Yan Lu, Nutrition; M.S. candidate; Thesis Director and Major Professor, University at Buffalo; Fall 2007-2008

Zhaoyi Chen, Biochemistry, M.S. candidate; Thesis Director and Major Professor, University at Buffalo; Fall 2007-2008

Kami Sobey, Nutrition; M.S. Candidate; Thesis Committee Member, University at Buffalo; 2007-2008

Suresh Pendem, Exercise Science (Nutrition) Ph.D. candidate; Dissertation Committee member; University at Buffalo; 2007-2008

Abiy Eshetu, Exercise Science (Nutrition) Ph.D. candidate; Dissertation Director and Major Professor, University at Buffalo; 2006-2008

Michael Valerio, M.S.; Nutrition; Thesis Committee Member, University at Buffalo; 2006-2007

Hao Long, M.S.; Nutrition; Thesis Committee Member, University at Buffalo; 2005-2006

Lana Burl, M.S.; Nutrition; Thesis Committee Member, University at Buffalo; 2005-2006

Jamie McCullough, M.S.; Graduate Advisor, University at Buffalo; 2005-2006

### **University of Arizona**

Renu Stephen, M.S.; Graduate Advisor, Nutritional Sciences Ph.D. Program; University of Arizona; 2004-2005

Jennifer Ravia, M.S.; Graduate Advisor; Nutritional Sciences Ph.D. Program; University of Arizona; 2004-2005

Christina Cumming, M.S.; Thesis Advisor; Physiological Sciences Graduate Program at the University of Arizona; 2005

Hua Xu, Ph.D.; Dissertation Committee Member; Physiological Sciences Graduate Program at the University of Arizona; 2004

Jason Drees, M.S.; Thesis Advisor; Physiological Sciences Graduate Program at the University of Arizona; 2004

Kayo Arima, Ph.D.; Dissertation Committee Member; Nutritional Sciences Graduate Program at the University of Arizona; 2003

## **SERVICE-RELATED ACTIVITIES**

### **SERVICE TO THE PUBLIC**

Faculty Mentor for Kyra E. Swatko, High school student from Briarcliff High School, NY. Participant in the Science Research Program (summer research in Dr. Collins' lab); March 2016-October 2017

Science Fair Judge; Lincoln Middle School; Gainesville, FL; Fall 2009, 2010, 2011

Taught *Biotechnology and Genetic Therapy* for the Arizona Senior's Academy and the University of Arizona Foundation; Tucson, AZ; Spring 2000

Invited talk on Human Genome Project for *Saddlebrook Nerds* civic group, Tucson, AZ; 11/00

### **UNIVERSITY AND COLLEGE SERVICE**

*Invited Presenter/Discussant*, Institute of Food and Agricultural Sciences (IFAS) Research Forum focused on the research portion of tenure and promotion packets; University of Florida, July 2020

*Honorary Degrees & Distinguished Awards Committee*, University of Florida (August 2019-present)

*Chair, Tenure, Permanent Status and Promotion Committee*, Institute of Food and Agriculture Sciences (IFAS), University of Florida (2020)

*Tenure, Permanent Status and Promotion Committee*, Institute of Food and Agriculture Sciences (IFAS), University of Florida (2019, 2020)

*Organizer and Team Member*, GI Team tasked with developing an application from UF for a Digestive Diseases Research Core Center (NIDDK); Division of Research Program Development, Office of Research, University of Florida (Dec. 2018-present)

*Working Group Participant* (invited); Division of Research Program Development, Office of Research, University of Florida; Purpose: To examine the services the Office of Research provides in identifying and pursuing external funding opportunities (Oct. 2018-present)

*Director* (elected), Nutritional Sciences Interdisciplinary Doctoral Program; University of Florida (May 2017- April 2020)

*Chair* (elected), Senate Committee on Research and Scholarship (SCORS); University of Florida (Sept. 2017-May 2018)

*Member* (elected), Senate Committee on Research and Scholarship (SCORS); University of Florida (Sept. 2017-May 2020)

Faculty Senate Steering Committee; University of Florida (Sept. 2017-May 2018)  
University of Florida Faculty Senate (elected); 2015-2018

*Graduate Coordinator* (elected), Nutritional Sciences Interdisciplinary Doctoral Program;  
University of Florida (Feb 2014-May 2017)

Member of the *International Awards Selection Committee*; Institute for Food and Agricultural  
Sciences (IFAS), University of Florida, 6/09.

Abstract Selection Committee, Warren Perry Lecture Series; School of Public Health, University  
at Buffalo; 9/07

Member of the *Graduate Executive Committee* for the Nutritional Sciences Graduate Program in  
the Department of Nutritional Sciences, University of Arizona. (12/04- 11/07; served until 7/05)

Elected member of the *Dean's Research Council*; College of Medicine, University of Arizona.  
(7/04-6/09; served until 7/05)

Interviewer for medical school applicants applying to the University of Arizona, College of  
Medicine (Fall 1998-7/05)

#### **DEPARTMENTAL SERVICE**

*Chair*, Graduate Committee; Food Science and Human Nutrition Department, University of  
Florida (2020-2022)

*Chair*, Search & Screen committee, Assistant Professor of Nutritional Sciences; Food Science &  
Human Nutrition Department, University of Florida (July 2021). Successfully hired Asst. Prof  
Diana Taft (Jan. 2022 start date).

*Chair*, Search & Screen committee, Assistant Professor of Nutritional Sciences; Food Science &  
Human Nutrition Department, University of Florida (Feb. 2021). Successfully hired Asst. Prof.  
Cora Best (August 2022 start date).

*Diversity, Equity and Inclusion committee*, FSHN Department, University of Florida (Feb. 2021-  
present)

*Chair*, Search & Screen committee; Assistant Professor of Nutritional Sciences; Food Science &  
Human Nutrition Department, University of Florida (Oct. 2017-March 2018). Successfully hired  
Asst. Prof. Zhiyong Cheng (Jan 2019 start date).

*Graduate Committee*; Food Science and Human Nutrition Department, University of Florida  
(2014-2019)

*Undergraduate Committee*; Food Science and Human Nutrition Department, University of Florida (2012-2013)

*Departmental Bylaws Committee*; Food Science and Human Nutrition Department, University of Florida; 2/10

*Departmental Safety Officer*; Food Science and Human Nutrition Department, University of Florida (2009-present).

*Faculty Search Committee Member*, Department of Exercise and Nutrition Sciences, University at Buffalo (12/07, 3/06, 12/05)

Appointed member of the *Graduate Affairs Committee*, Department of Exercise and Nutrition Sciences, University at Buffalo- SUNY (11/05-7/06)

Member of the *Pediatrics Research Committee* (10/99-7/05)

Organizer of a monthly journal club, which focused on *Transgenics and Gene Therapy*  
Participants were from many departments at the University of Arizona medical campus as well as from basic science departments from main campus (1998-2002)

#### **SERVICE TO THE PROFESSION**

Award Jury, *2022 Mead Johnson Award*; American Society of Nutrition Foundation (Feb. 2022)

Award Jury, *2021 Mead Johnson Award*; American Society of Nutrition Foundation (Feb. 2021)

Invited Reviewer of *Copper: Dietary Supplement Fact Sheet* for practicing health professionals. Office of Dietary Supplements, National Institutes of Health (Feb. 2019)

Councilor (elected) for the *Basic & Clinical Intestinal Disorders* section of the American Gastroenterological Association (2018-2020)

Councilor (elected) for the *Nutrition & Obesity* section of the American Gastroenterological Association (2018-2020)

Nominating Committee (elected) for the *Obesity, Metabolism and Nutrition* section of the American Gastroenterological Association (2015-2017).

Moderator, Research Forum entitled *Vitamin and Nutrient Absorption and Metabolism*; Digestive Disease Week Scientific Meeting- Washington D.C.; May 2015.

Abstract Review Committee Chair, Vitamins and Micronutrients: Basic and Clinical; Obesity, Metabolism & Nutrition Section of the AGA Institute Council. 2016-2021.

Nominating Committee; American Physiological Society, GI & Liver section; 2014-2016.

Advisory Committee; Nutrient Gene Interactions Research Interest Section, American Society for Nutrition; 2014-2016

Co-Chair, Research Forum entitled *Nutrient Digestion, Absorption, and Metabolism - Digestive Disease Week Scientific Meeting*- Orlando, FL; May 2013.

*Science of Nutrition Exam Development Committee*; Excelsior College, Albany, NY; 2012-2013  
*Nutrition Advisory Board*; 2011-present; John Wiley and Sons, Inc.

*Secretary* (elected), International Society for Trace Element Research in Humans (ISTERH)

Co-Organizer of the *15<sup>th</sup> International Meeting on Trace Elements in Man and Animals* to be held in Orlando, FL; 2014.

Councilor (elected) for the *Nutrition & Obesity* section of the American Gastroenterological Association (2011-2016).

Co-Chair of the Scientific Program and Abstract Selection Committees for the *11<sup>th</sup> International Society for Trace Element Research in Humans (ISTERH)* meeting; Antalya, Turkey; Fall 2011.

Chair and organizer of a Research Symposium entitled *Trace Mineral Regulation of Gene Expression* for the American Society of Nutrition; Experimental Biology, Anaheim, CA; 4/10

*Chair*, East Coast Iron Club (<http://www.eastcoastironclub.org/>); 2009-2012.

*Chair, Programming Committee*; American Physiological Society, Gastrointestinal/Liver Section. April 2008- April 2011.

Member of the *Steering Committee*; American Physiological Society, Gastrointestinal/Liver Section. April 2008- April 2011.

Co-Chair and organizer of a Research Symposium entitled *Hepcidin Regulation of Iron Homeostasis*; Experimental Biology 2008, San Diego, CA.

Invited Chair of session on “Interaction of Iron with Other Metals”. *East Coast Iron Club Annual Meeting*. Gainesville, FL; 11/07.

Chair and Organizer of a Research Symposium entitled *Molecular Mechanisms of Intestinal Iron Transport* held at Experimental Biology 2006, San Francisco, CA (4/06).

Member of the *GI Programming Committee* of the American Physiological Society, GI section. (2005-2008).

Chair and Organizer - Research Symposium entitled *Animal Models of GI-Related Disease- Digestive Disease Week Scientific Meeting- Orlando, FL; 5/03*

Chair and Organizer- Research Symposium entitled *Animal Models of Gut, Liver and Pancreas Development- Digestive Disease Week Scientific Meeting, San Francisco, CA; 5/02*

Invited Moderator- Research Forum entitled *Intestinal Gene Expression- Digestive Disease Week Scientific Meeting, Atlanta, GA; 5/01*

Appointed Councilor for the *Growth, Development and Aging* section of the American Gastroenterological Association (2000-2003).

Abstract reviewer- *Growth, Development and Nutrition* section of the American Gastroenterological Association for the Digestive Disease Week annual meeting; 2000-2002.

#### **OUTSIDE CONSULTATIONS**

Senior Medical Science Liaison, Southeast Region- Laura Eliason, American Regent Inc., Pharmaceutical Company. Consulted on an intravenous iron product and iron metabolism. (Jan. 2022)

Author and Documentary filmmaker - Daniel Levitt, Cambridge, MA. Consulted on a popular science book under development that includes a section on minerals. (Dec. 2021)

Senior Medical Science Liaison- Ann M. Adams, Alexion Pharmaceuticals, Boston, MA. Consult on a copper chelator, copper metabolism and Wilson's disease. (Sept. 2021-present)
